Work Experience for Amy Gibson

Dear Sir/Madam,

We recently had the pleasure of having Amy work with us for a week

During her time with us, she proved herself to be punctual and very quick to learn. She performed her duties with minimum supervision and worked diligently throughout. I found Amy to be friendly and courteous and willing to take on any task given to her.

I have no hesitation in recommending Amy to you and believe she will be an asset to any future employer. Please feel free to contact me for further information on her work experience.

Yours sincerely,

Kieran Dodworth
Managing Director
